

New Online School Lunch Payment Program

Available at BH-BL

Great news! We are offering an exciting new option to help make your life easier.

MySchoolBucks.com® is an online system that will allow you to set up a school lunch program account for your children, deposit funds into your children's accounts, review purchases, check balances and more. You'll even get an email poke when account balances are low.

Additionally, there's a mobile app that allows parents to view and replenish their child's account using a smartphone.

Getting started is easy!

1. Visit www.myschoolbucks.com and click Sign Up Today to create a free account.
2. Select the appropriate state and school district, then create your own account. Once you are logged in you can add your children to the account using their date of birth or student ID#.
3. You can now deposit funds and manage your children's school meal accounts from the convenience of your computer, iPad, or smartphone using the mobile app.

Need Assistance?
